- Wellness

PRA transforms services and systems for individuals and communities through research, technical assistance, training, and policy evaluation. We are a mission-driven, caring organization that fosters an inclusive workplace and elevates diverse perspectives and experiences. We believe that mutual respect leads to learning and collaboration, and we use this framework to enhance our work, workplace, and our positive social impact.

RESEARCH

Our researchers structure data collection to evaluate program transformation, design research protocols, train staff, gather and analyze data, and present results in formats geared toward policymakers and funders. Our services include:

- Policy analysis and program assessment
- Evaluation design, data collection, and data analysis
- Performance measurement, including NOMs and GPRA
- Report writing

TECHNICAL ASSISTANCE

Our technical assistance services are available to states, cities, counties, tribes, and community-based organizations to assist with the implementation of evidence-based practices and support services. We offer:

- On-site and virtual consultation
- Needs assessment and gap analysis
- Strategic planning
- Academy and meeting facilitation
- Fact sheet, brief, and monograph development

TRAINING

We provide online and in-person training workshops in our areas of expertise to help communities transform behavioral health service delivery. Highlighted trainings include:

- Sequential Intercept Mapping Workshops
- SOAR Strategic Action Plans, Online Course Facilitation, and Leadership Academy
- Mental Health Training for Juvenile Justice
- Trauma-Informed Criminal Justice Responses

POLICY EVALUATION

We work with stakeholders to review, assess, and suggest policy at the local, state, and federal levels to ensure that there is systemic support for your initiatives. We are adept at evaluating current policies and laws for recommendations and enhancements to ensure that your communities of focus receive the care and support to which they are entitled.
